

FLEETWOOD RIGID CORE CLICK

POWERED BY PERFORMANCE AND GOOD LOOKS

Produced in collaboration with top product designer Stacy Garcia, Fleetwood LVT is a high-quality, wood-look Luxury Vinyl Tile engineered for high-traffic residential and commercial spaces. The designer-led collection features high-definition wood prints on planks as well as built-in chevron and parquet patterns, all with realistic micro-beveled edges. It can be very labor-intensive to lay patterns like these, but with Fleetwood, there's no cutting and less scrap, so installation is a breeze.

Like all TileBar LVT, Fleetwood features layer-by-layer construction that offers practical benefits: It's waterproof, sound-absorbing, and resistant to scratches, stains, and indentations. With the Rigid Core Click installation system, planks click and lock into each other, allowing for a DIY project that doesn't require a drop of glue—even over existing floors. This quick-and-easy system, along with Fleetwood's durability, make it a flooring solution that simplifies life as much as it beautifies it.

WHY FLEETWOOD LVT?

- Engineered for high-traffic residential and commercial use
- ProTX™ topcoat and 20-mil wear layer for durability
- High-definition print for a realistic wood look
- Micro-beveled edges
- Resists stains, scratches, and indentations
- Waterproof core protects the subfloor.
- Sound-absorbing
- Comfortable underfoot
- Budget-friendly
- Easy to clean and maintain
